A further sum of Rs. 14,739/14/9 (local Jaipur Coin) is paid to Jaipur on account of tribute due by Kotris, whose allegiance was transferred to Kotah early in the nineteenth century. A sum of Rs. 866/12/- is received from Khilchipur State on account of "Huzzatwasul" or "Karar Dad".

Hadas and Hadoti.

Kotah is a Hada State and occupies an important position in the Hadoti or Hadawati, the land of the Hadas.

The Chauhans are one of the most illustrious of the 36 royal races of India, and among their 24 Shakhas (branches) the Hadas are the most important. They trace their descent from Raja Manakrai, the King of Ajmer and the first Chief in Rajputana, who in A. D. 685 tried to stem the Mohammedan invasion Rao Dewa one of the descendants of this line of kings founded the town of Bundi in 1342 on the Bando Pass (Nal).

The Kotah State may be said to have come into existence about the Vikram year 1676 when Madho Singhji, the second son of Rao Ratan, of Bundi, secured from Emperor Jahangir the independence of the country round and about the present city of Kotah, which he had conquered. This Royal favour was shown in recognition of good services, the Prince rendered in the campaign which forced the Imperial Prince (afterwards the Emperor Shah Jahan) to flee from Burhanpur. Bhim Singhji, the sixth ruler of Kotah, who reigned from A. D 1708 to 1720 considerably extended the boundaries of the State and was the first chief who assumed the title of Maharao, on whom the dignity of the " Punj Hazari " was conferred

by the Delhi Emperor and who also obtained the orange coloured banner and used it as the State standard. It was in the time of Maharao Umed Singhji I that his famous minister, Zalim Singh, made in the year A. D. 1817 on behalf of Kotah, the first treaty in Rajputana with the British Government and succeeded in getting a supplementary article added to the said Treaty by which the administration of the State was vested in Zalim Singh and his heirs and successors in perpetuity. When, however, Maharao Ram Singhji succeeded his uncle, Kishor Singhji, in A. D. 1828, disputes between him and his then minister, Madan Singh, the grandson of Zalim Singh, arose, and the Government of India, seeing that arrangement of a hereditary minister was practically unworkable, decided in the year A. D. 1838 to separate 17 of the Kotah Districts to be formed into a new principality, Jhalawar, and bestowed it on Raj Rana Madan Singhji his heirs and successors.

The present Maharao Sahib Bahadur His Highness Lieutenant Colonel Sir Umed Singhji II, G.C.S.I., G.C.I.E., G.B.E., who was born on the 15th September 1873, and succeeded to the Gaddi by adoption, in the year A. D. 1889 on the death of Maharao Shri Shatrusalji Sahib, is the 17th Ruling Prince of his family and is in his 60th year. On the death of his first wife, the eldest daughter of H. H. the Maharana Sahib of Udaipur, the head of Sisodias. His Highness married the daughter of H. H. the Maharao Sahib of Kutch of the Jarecha clan of Rajputs. His Highness is also married to the sister of the Thakur of Isarda in Jaipur, a Kachhwaha Rajput of the Rajawat sub-clan. A son and heir by the last named Maharani was born on the morning of the 14th September 1909, and has been given the name of Maharaj Kumar Bhim Singhji.

Under the benign rule of His Highness Maharao Umed Singhji Sahib Bahadur, the State has made considerable progress. In the year 1899 on the formation of the new State of Jhalawar 15, out of the 17 districts transferred as stated above, to form that principality, were restored to Kotah. Roads and communications have vastly improved and extended. The G. I. P. Railway Branch from Goona via Baran joins at Kotah the Nagda-Muttra line of the B. B. & C. I. Railway. British coins and weights have been introduced. There is postal unity with the Post Offices in British India. A revised Land Revenue Settlement has been made. All departments have been reorganised and strengthened. Dispensaries are opened all over the State, and education has made and continues to make satisfactory advancement. Among the numerous public buildings round about the city of Kotah, Umed Bhawan, the New Palace, forms a striking and imposing object in the landscape. Among other public works of special importance, are the Raj Bhawan, the Guest House, the Crosthwaite Institute in the Public Gardens, the Military Lines, the Herbert College and the Raghunath Hostel attached to it and the newly constructed Power House and Water-Works at Akelgarh and Kherli outside the city wall, while within it are the Wyllie Memorial and Her Highness Shri Maharaniji Sahiba's Girl School in the Rampura Bazar.

NOTABLE AND IMPORTANT EVENTS.

The saddest event of the year which plunged the whole State into deep mourning was the demise of Her Highness the Senior Maharani Shri Jarechi Ji Sahiba which took place in the Gurh at about 3 A.M. on the 17th July 1933, at the age of 51. Her Highness Shri Maharani Ji Sahiba was the eldest daughter of His Highness the Maharao Sahib Bahadur of Kutch and was married to His Highness in 1897. Her genial temper, charitable disposition and the various noble qualities of head and heart endeared her to all classes of her people and her death has snatched away from amidst us a truly noble and benevolent personality. Her Highness took great interest in the education of girls and the Maharani Sahiba's Girl School located in a magnificiant building in the centre of the city is a living monument of her solicitude for the women of Kotah. The Dharamshala at the Kotah Junction named after Her Highness is another memorial of her generosity and practical interest in public weal Great as has been the loss to the Reigning family and particularly to His Highness who has lost a dear consort and a wise partner, the State has lost a Maharani of liberal sympathies, who was universally adored by her subjects of all classes

161. The total income from the State Forests amounted to Rs 1,91,596/- or Rs. 4,253/- less than that in the previous year. The fall in income is attributed to catechu and coal being manufactured in

comparatively less quantities during the year under report, and lower bids for contracts of forest produce being received.

162. Out of the total demands Rs. 32,889/, Rs. 30,385/- was collected and Rs. 205/- struck off as irrecoverable leaving Rs. 2,299/- to be recovered during the next year. CHAPTER V.

Finance.

167. Babu Chunnilalji T. Shukla held the post of the Controller of Accounts throughout the year.

168. Against an estimate of Rs. 48,90,573/- the actual receipts came to Rs. 52,35,996/- the main items of increase being under :—

	Rs.
Land Revenue	1,62,739/-
Forests (State Quarries)	25,400/-
Intoxicating drugs including opium ...	64,471/-

169. The actual expenditure, inspite of careful vigilance being exercised exceeded the estimate by Rs. 1,19,618/-. It amounted to Rs. 46,85,416/-. 170. The Budget estimates for Samvat 1989, assuming it to prove a normal year are :—

Income	Rs. 49,42,573/-
Expenditure	„ 47,35,069/-

Customs and Excise.

171 Pandit Mukand Raoji held charge of the post of the Superintendent Customs, Excise and Forests throughout the year. His three Assistants, Chaube Nand Kumar ji, B. Churaman Singhji and P. Rameshwar Dayalji Bhargava, remained incharge of the Baran, Aklera and Kotah *divisions respectively*.

Customs.

172. The total receipts (including mapa) for the year under this head came to Rs 5,73,516/- or less by Rs 58,614/- than that of the previous year which stood at Rs. 6,32,130/- The decrease is due to the *lowering of export duty on certain articles to assist agriculturists.*

173. The import duty realised amounted to Rs. 2,44,922/- showing a decrease of Rs. 23,491/- as compared with that of the previous year. The articles, the import of which showed appreciable decline were,

sugar, Gur, and kerosine oil (18% each) Kirana (10%) cotton yarn (31%) and cattle (25%).

174. The fall in the case of sugar and kerosine is explained by the fact that these articles were exempted from duty during the Dashera fair, and so large quantities were bought by consumers. The decline in Gur is explained by the growing tendency of people to use more sugar than Gur, and that in other articles by a fall in the demand for these.

175. The import of Ghee on the other hand increased by 134% owing to a fall in the price of the commodity, of tobacco by 27% owing to more demand and preparation of Biris in greater quantities. The increase by 16% each, in iron and silver is attributed to an increased demand on the part of middle class people consequent on the fall of their prices.

176. Receipts from export duty came to Rs. 3,08,504/- against Rs 3,43,643/- in the previous year. With the exception of Ghee the only article which showed a decrease of 22% under exports, owing to less demand from outside, there was a significant increase (17%) in the export of grain, (87%) in oilseeds (142%) in cotton (74%) in country oil (55%) in hides, due in the case of some articles to reduction of export duty, and in the case of others to greater demand from outside.

177. The income from the various cattle fairs in the State (in which 21546 cattle valued at Rs. 2,73,752/- as against 1,31,900/- cattle valued at Rs. 1,77,684/- changed hands) came to Rs 4,740/- showing an increase of Rs. 1,203/- over the income of the preceding year. The newly started fairs of Khairabad and Suket are reported to be getting popular.

178. There are 6 ginning factories and one cotton press in the State. Rs. 582/- as compared with Rs. 413/- was recovered as royalty on 9,316 maunds of kapas ginned at the 6 ginning factories. 1000 bales of cotton were pressed at the cotton press at Ramganj Mandi yielding an income of Rs. 1,187/-.

179. Rs. 8,528/- was paid in by the Chambal toll contractor who holds a 5 years lease against the instalments of Rs. 8,789/- due from him leaving Rs. 261/- outstanding at the close of the year.

180. The arrears of Mapa (including an item of Rs. 255/1/9 omitted in the preceding year through an oversight in the Customs office) amounted to Rs 5,106/15/3. Of this Rs. 889/4/9 was recovered during the year, Rs 99/- was remitted, and Rs. 455/12/- struck off as irrecoverable leaving Rs. 3,662/4/6 as the net demand. The total arrears at the close of the year amounted to Rs. 3,944/4/9 which includes Rs. 282/4/- on account of the year under report.

181. The income from Ramganj Mandi was Rs. 1,25,472/- out of which Rs. 26,937/- was paid as rebate. The Mandi is gradually developing.

182. Refunds of duty amounted to Rs. 3,423/- and exemptions to Mafidars, Jagirdars and temples etc, came to Rs. 9,803/-. Of the Raj Departments exempted from payment of customs duty, the military department has again failed to furnish the list of duty free goods imported by them. This is regretted, as the General Officer Commanding has not paid attention to the directions given in para 197 of the last year's report. He will be called upon to supply this information for the last two years.

183. The figures given below show the balance of Kotah trade with outside :—

Total exports	Rs. 63,87,085/-
„ imports	Rs. 37,18,655/-
Balance ...	Rs. 26,68,430/.

Excise.

184. The excise income during the year under report came to Rs. 1,34,591/- as compared with Rs. 1,34,734/- during the previous year and consisted of :—

License fee (including that for Nizamat Shahabad where the Madras system has not been introduced)	Rs. 53,564/-
Duty on liquor (less on 896·6 gallons supplied to Jagirdars at concession rates)	Rs. 79,788/-
Miscellaneous (including Rs. 597/- on account of arrears)	Rs 1,229/-
Total	„ 1,34,581/-

185. Liquor was supplied by the contractor Mr. Rustomji Cowas-Ji at the rate of Rs. 1/9/- per L. P. gallons. Including 3819·6 gallons in hand at the close of the year and allowing 372·2 gallons for dyrage in transit out of a total supply of 2,11,841·2 gallons issued from the Atru Distillery, the total stock at the warehouses amounted to 25,288·6 gallons. Of this quantity 21364·3 gallons were sold during the year and 480·6 gallons wasted, leaving 3443·7 gallons in stock at the close of the year. The average sale of liquor per hundred persons of the total population of 5,96,859 souls was 3·5 gallons. The incidence of total receipts per L. P. gallon came to Rs. 6/5/4 against Rs. 6/6/3 in the previous year, and that per head of population to Rs. -/3/2, the same as in the preceding year.

sugar, Gur, and kerosine oil (18% each) Kirana (10%) cotton yarn (31%) and cattle (25%).

174. The fall in the case of sugar and kerosine is explained by the fact that these articles were exempted from duty during the Dashera fair, and so large quantities were bought by consumers. The decline in Gur is explained by the growing tendency of people to use more sugar than Gur, and that in other articles by a fall in the demand for these.

175. The import of Ghee on the other hand increased by 134% owing to a fall in the price of the commodity, of tobacco by 27% owing to more demand and preparation of Biris in greater quantities. The increase by 16% each, in iron and silver is attributed to an increased demand on the part of middle class people consequent on the fall of their prices.

176. Receipts from export duty came to Rs. 3,08,504/- against Rs 3,43,643/- in the previous year.
